

KIWANIANS TO STAGE DINNER

Chamber of Commerce Membership Meetings to Be Resumed Here

The date for the holding of the first membership dinner for the Ogden chamber of commerce for the fall season will be selected by the Kiwanis club of Ogden, Secretary Jesse S. Richards of the chamber announced today.

President John H. Culley of the Kiwanis club today conferred with Secretary Richards relative to the starting of the first meeting. The membership dinners were started last March with a view of increasing the interest in the chamber and also explaining the workings of the chamber to those who are not familiar with the organization.

Under present plans it is planned to stage these meetings monthly during the fall and winter season. The Kiwanis club expects to select the date for the first meeting within the next week, Secretary Richards announces.

ALLEGED OGDEN SWINDLERS FREE

Sheriff Unable to Get Information Upon Which to Base Complaint

Louis Kallany and Bucho Busto, foreigners, who were arrested last Monday morning after they were alleged to have approached Dan Boro and tried to get him to invest some money in a suspected swindle game, were released from the county jail last night when information was received from California connecting Kallany with a San Francisco bank robbery, failed to arrive.

The officers could not hold the men any longer under the law without definite information regarding their alleged crimes, and Salt Lake attorneys, who had been retained by some friends of the men, threatened court proceedings if the men were not released.

No local complaint could be filed against the men as they had not proceeded far enough with their alleged swindle scheme when Boro had them arrested, it was said.

Finger prints were taken of the two men yesterday and the classifications were wired to California, and the Leavenworth penitentiary. When no response was received last night the men were liberated.

BURGLARS CARRY COIN FROM HOME

Mrs. Marie Conroy, 455 Twenty-seventh street, reported to the police yesterday that burglars had evidently entered her residence some time between September 26 and 28 and had stolen about \$8 from a small savings bank, \$1.10 from a purse and 60 cents from a glass in a cupboard.

Detective L. W. Pack investigated the burglary. No clues were developed from the search of the house, and he is determining who the burglars were.

RESIDENTS MUST FURNISH MAIL BOX

Residents of Ogden that wish to have mail delivered to their residences hereafter must provide either a receptacle for the carrier to deposit the mail in or must provide a slot in the doorway by December 31, according to an order received by Postmaster Rufus A. Garner from Washington today.

Notices to that effect are being prepared at the postoffice and will be mailed to all persons in the residential districts of Ogden.

CARD OF THANKS

We desire to extend our heartfelt thanks to the many friends who assisted us so kindly during the illness and death of our beloved husband and father, Edward Sewell. Especially do we thank the speakers and singers. May they all receive the same loving help in their hour of need.

MRS. E. SEWELL and FAMILY.

Fall Models of Exquisite Design

Priced \$5.85

Here is assembled the most wonderful array of fall fashions we have ever shown. The styling is unusual, the workmanship up to the Hirschman standard. At the price, they are indeed incomparable.

Harding's Father Backs Democratic Candidate in Iowa

DES MOINES, Ia., Sept. 29.—The statement by Dr. George T. Harding, father of President Harding, that if he were a resident of Iowa he would bolt the Republican party and vote for Clyde L. Herring, the Democratic candidate for United States senator, is causing comment in political circles here today.

Dr. Harding, who is in Des Moines in connection with the G. A. R. encampment, has been the guest of E. T. Meredith, former secretary of agriculture, and has been entertained by Mr. Herring and other Democrats.

Thursday, in an interview, Dr. Harding said that the Republican candidate for United States senator, Smith W. Brookhart, is "Socialist," adding that he did not want to "see him in Washington causing trouble."

"We have enough of these Socialists in Washington now causing trouble and we don't want any more of them," he declared.

Hungary has developed a process of treating corn straw so as to make paper and other valuable by-products from it.

FAIR ACTIVITY IN BOSTON WOOL TRADE

BOSTON, Sept. 29.—The Commercial union of Boston tomorrow will say:

"With more than a week's experience under the new tariff it is evident that the wool trade and the wool manufacturers are proceeding with more care, much as they may dislike the form and rates under the tariff for a definite basis for figuring. There had been a fairly heavy trade for almost every grade and kind of wool, partly for manufacturers' accounts and partly of a speculative nature on the part of the dealers. Prices are very firm, and the tendency of the dealers is to advocate more money, especially in the medium grades."

BONDS POSTED BY INDICTED RAIL MEN

LOS ANGELES, Sept. 29.—Six of the eight Needles, Cal., men indicted by the federal grand jury here Monday on charges of conspiracy to impede interstate commerce by holding up Santa Fe trains at that desert point in August, appeared at the office of the United States marshal here Thursday and gave bonds of \$2500 each for their appearance when wanted.

They were C. E. Holly, engineer and mayor of Needles; L. E. Woodcock, brakeman; C. I. Fox, engineer; E. H.

DIAMOND DUST

Members of the Los Angeles club of the Pacific Coast league were taken for a trip through beautiful Ogden canyon Thursday prior to the game with Salt Lake. Five automobiles were used to entertain Red Killefer and his gang.

Manager Wade Killefer was accorded a big hand by former residents of Paw Paw, Michigan, when he made his appearance on the coaching line at first base. Killefer formerly lived at Paw Paw.

A tentative proposition was made by representative citizens of Ogden yesterday to President H. W. Lane of the Salt Lake club with a view of having one game each week transferred from Salt Lake to Ogden in 1923. Lane outlined the basis upon which such an arrangement could be made, assuring the Ogden folks that he would make every possible concession in order to meet their wishes. The suggested plan is the sale of coupon books entitling the holder to admission to fourteen games. It is thought that 1000 such books can be sold as a guarantee against financial loss to the Salt Lake and visiting clubs. The Ogden representatives also expressed their readiness to sod the infield and to sow the outfield, and to move the outfield fences back from forty to sixty feet. These improvements would make a real ball park of the present ground. The matter will be further discussed at subsequent conferences, an Ogden committee meantime feeling the pulse of the people of the Junction City.

We should very much like to give Ogden a day of baseball every week," said President Lane last night. "Our club is more than a Salt Lake club—it represents the entire state. From what I learned at Ogden today I think the transfer of a game a week might be arranged, of course, we would have to be guaranteed against possible loss, not so much on our own account as on account of visiting clubs, which would hold us to at least an average week-day gate. I think it would be a fine thing for all concerned to play one game a week at Ogden, and particularly it would be a fine thing for baseball as a sport, since from watch-
